DATE: 3/29/02

RE: SITE NAME: Werdin Dump
EPA ID# CAD 981576622

FROM (Signature/Date) [Signature]
Region 9 States, Tribes and Assessment Office

C. Menzies 6/10/02
Region 9, Emergency Response Office

This site is being archived in CERCLIS because it does not warrant Federal Superfund action, or an appropriate Federal Superfund response action has been completed. This means that EPA believes no further Federal Superfund response is appropriate. Archived sites may be returned to the CERCLIS site inventory if new information necessitating further Federal Superfund consideration is discovered.
